Email Organizer

Peace of mind in your inbox

The Problem

Every Day

You wake up to hundreds of unread emails

Dread opening your inbox each morning

Anxiety about missing something important

Exhaustion from sorting through noise

Guilt for letting people wait

Email shouldn't be the most stressful part of your day

The Solution

Take back control of your inbox. **Reduce stress. Save hours.** Feel confident you're not missing what matters.

Auto-Organize
AI groups similar emails instantly

Smart Labels
Know what's urgent, what can wait

One Click
Clear hundreds of emails safely

How It Works

Email Ingestion
Load inbox data

→

Embedding Model
Generate vectors

→

Clustering
Group similar emails

→

Claude Labeling
Context analysis

→

Streamlit UI
Interactive dashboard

Powerful AI technology that feels effortless

Key Features

Instant Clarity

See patterns across thousands of emails in seconds, not hours

Zero Mental Load

Claude tells you what's urgent and what can wait by providing a confidence score along with the reasoning for the score.

Safe Decisions

Preview before deleting so you never lose something important

Effortless Cleanup

Clear entire groups with confidence—bulk actions done right

Peace of Mind

Finally feel in control—your inbox works for you, not against you
